04 LOOKING AHEAD
What we learned

ISSUE IDENTIFIED	ACTION TAKEN OR TO BE TAKEN
Lack of funds to transport items to distribution sites	A fund for field logistics to support good distribution
Lack of funds for photo coverage and reporting	A fund for camera rental, communication and reporting, if possible
Not enough items to cover all our beneficiaries	Plan a second distribution: the beneficiaries are really in need

Responsible for action on all three: Field Ready (donor).

> Most of the refugees who received the items were very happy with the help provided. But the items did not cover all of our beneficiaries.
>
> **Conclusion of the YAREN Nakivale team**

We hope Field Ready will consider a new, large-scale distribution able to cover a large part of our beneficiaries.
